The councillors decided to ask the opinion of the public on making a decision of the sidewalks. A survey will be sent out.

That the bill for Rondeau Enterprise in the amount of \$15,935.24 be paid.

Philippe informs us that the signs will be installed this week.

The flags in town are ripping so Adrien talked to the company and they will have to be replaced.

The municipality is still working at a solution to the water project.

Philippe wants the public to know that if they have a complaint they have to contact one of the councillor and not the municipality.

We will have to wait till spring to put gravel on Baie du Lac cause it is to late in the season to do it now.

Gaétan
